

Tehri Hydro Development Corporation Ltd.

THDC has adopted 2 ITIs under Public Private Partnership mode located close to the Project Sites at Chamba, Tehri Garhwal and Gopeshwar, district Chamoli, Uttarakhand.

The objective is to train the required additional manpower from the existing ITIs to suit the requirement of Power Sector in general and THDC in particular. It was also felt that the large capacity addition planned in Generation, Transmission and Distribution sector offers a great opportunity for employment to the PAPs by facilitating them to train in the ITIs.

Considering the requirement of trained manpower in the Hydro Projects during Construction, Commissioning, Operation & Maintenance of the Power Plant, the relevant trades and curriculum have been planned in the ITIs adopted by THDC.
