Project at a Glance:-

The goal of infrastructure development in education institution is to increase school attendance, motivation to staff & students and to improve academic performance of students as an end result. It is assumed that this favorable attitude of augmentation of basic facilities towards school infrastructure facilitates the goal of more education in rural areas.

The existing classrooms in Govt. high school, Virendrakot, Jakhnidhar Block, Tehri were not sufficient for the present strength of students in the school, hence the work "Construction of 02 nos. Add. Class Rooms at Govt. Inter College, Virendrakot, Jakhnidhar Block" was carried out on request of the Block Pramookh. The work has been carried out through BDO Jakhnidhar and completion cost of the work is ₹ 6.93 lacs.

Benefits from the Project:-

After construction of additional rooms in the school, village students are getting benefit and they are having proper place to sit and study. In each academic year approx. 70 students are getting benefit. The school attendance shall now be increased and there shall be academic improvement in performance of the students. The community is now feeling happy & satisfied.
