12.	Quantification of benefit accrued from the project, as derived from the Impact Assessment Report/evaluation report by independent agency. If any		
13.	Documentary proof like Photo\video\news items etc. If any	As Detailed Below	

Project at a Glance:- Today Education is very much essential for survival in the society. Govt. has also declared Education, a right of human beings. Education spreads awareness in society about how we can be a good social being and help others in our daily life for overall development of the nation. Only books are not enough for getting a quality of education, it also need some other basic infrastructure for class rooms, drinking water, sanitation, sports, power etc. For quality education we should have other basic facilities like science lab, enough ventilated space for sitting, furniture, etc. along with books and teachers. Being the remote location, very rare basic facilities are available there. The education facilities for students in the schools are not good and furniture are not available in the schools. Head of school showing scarcity of fund for infrastructure/furniture. Most of the deprived and poor family's wards are studying in these Govt. schools. The status of infrastructure is very poor In hill area therefore THDCIL has proposed and provided furniture to Government Schools of Bhilangana & Jakhnidhar Block in Tehri Distt. and pathri Block in Haridwar Distt..

Need assessment:- Education Standard of Government schools in Uttarakhand is not too good because of the difficult geographical conditions as compared to other plane states of the country. To overcome above situation, Head of the Schools raised their demand for furniture, computers, books etc directly or through local representatives including MLA/MP. Similar demand was received from Hon'ble MLA Ghansali, & Thouldhar and Block pramukh Jakhnidhar for providing furniture to various Govt. schools of Bhilanga, Jakhnidhar & Thouldhar Block. Keeping in view above, a need assessment was carried out through external independent agency. As per assessment report, infrastructure and furniture availability was quite poor in the schools and in many classes, students were studying and sitting on the floor. Therefore, SEWA-THDC has decided to provide furniture to the 12 schools.

Implementing Agency:- THDCIL is developing various facilities of education, health, infrastructure environment in its project affected area under CSR activities through SEWA-THDC. A Proposal has been received from CSR unit Tehri for distributing of furniture to 10 Govt. School of Block Bhilangana and Jakhnidhar ,each 05 no schools of Block Bhilangana & Jakhnidhar and one school from Thoudlahr block .A proposal also received from Principal Govt. primary school Pathrigarh, Pathri through Gram Pradhan Adars Tehri Nagar, Bhag-1 Pathri Haridwar. The furniture are being distributed by SEWA-THDC to Govt. School in Phase manner. During F.Y. 2016-17. 420 no school furniture have been provided to 12 Schools .

Benefit from the project:-

It was decided to provide 35 no. of bench and table (furniture) to 12 nos Schools of Bhilangana , Jakhnidhar, Thouldhar Block in Tehri Distt. and one school of Pathri Block Distt. Haridwar. Each table and bench has capacity of 03 students sitting hence total 105 students can take benefits of facilities at a time accordingly total 1260 students can get facilities at a time. All the above schools are situated in Project affected area of Tehri and Haridwar. Total 420 set of furniture have been distributed to 12 nos. school for 1260 students After providing the furniture to 12 no schools, students found basic comfort to study in the class room and it has definitely added motivation level of Teachers/Staff and students. The quality of a school's environment and its facilities has much influenced to students for learning. Physical facilities and material resources such as furniture and equipment can provide data to derive many indicators for assessing the quality of education in a school. Favorable environment and adequate sitting arrangement enhance the interest among students and teachers for better quality of education.

Details of schools where furniture provided are as under:
