## **Project at a Glance:-**

As per 2017 census still 66% (According to the World Bank) population of our Hindustan is residing in villages. Only Uttarakhand has a population of 10116752 in which 69.45% of the population residing in remote areas. A lot of villages where there are no medical and education facilities even water crisis and due to a lack of medical facilities some of people are compelled to die without treatment and medicines. Road connectivity is too poor to arrive to the place where there are some medical facilities. The life of Uttarakhand – hills is very hard and tough.

Looking at such a condition of Dhontary, Block Dunda Pokhri Block Pratapnagar Koteshwarpuram, Block Narendranagar Sewa THDC established Homoeopathic Chartable Health Centres under the supervision of Swami Narayan Mission Society in 2010 & 2014.

With a great contribution of SEWA- THDC especially in medical field thousands of people of above 03 no. Homeopathy Centres had been getting benefits for 9 years. That was a very commendable effort of SEWA- THDC; it was like a boon of God for the public and patients of above 03 no.
