Project at a Glance:-

Today the importance of English can't be denied and ignored since English is the most common language spoken everywhere. With the help of developing technology, English has been playing a major role in many sectors including Medicine, Engineering, defence space projects etc. where most of research is recorded in this language. Education in the most important area where English is needed as most commonly accepted version.

In Uttarakhand the education standard in the community is not so good as seen in the plain areas.

It was observed by SEWA-THDC that to upkeep the education standard, knowledge of English language in surrounding area of Tehri Dam among School going children is necessary & hence it was decided English relay and skill enhancement program to be organized in the area.

This program is organized in various school of Tehri Dam project affected area through IL & FS Education and Technology Services Ltd. Mumbai.

Benefit from the Project:-

This skill enhancement & English relay program was carried out in various school of Tehri Dam Affected Area. 976 students of Jakhnidhar block and 1151 students of Thaudhar block, have got benefitted from this project. Students have increased their skill by way of improved English. The community is feeling happy from this program.
