Project at a Glance:-

At some point of time or the other, most of us have to step out of our homes and live in an absolutely new world called hostel. It is not merely a building where people from various places with different backgrounds reside meet socially & share time to meet their objective. If we just sit down to analyze how life is in a total contrast at home and hostel, we will probably find infinite differences.

Govt. of India has introduced is built a Hostel for SC/ST persons. In this context it was proposed to construct a hostel for SC/ST community at N.T.T Tehri Garhwal (Uttarakhand), after getting the land for structure at NTT, construction work was carried out through UPRNN a UP Govt. construction agency.

Benefit from the Project:-

Construction of Hostel for SC/ST people has been completed through construction agency UPRNN. The building was handed over to social welfare dept., Uttarakhand, further repair & maintenance works will be carried out by state social welfare dept. Uttarakhand itself. It is observed that the SC/ST community is happy from the hostel facilities.
