Project at a Glance:-

The goal of infrastructure development in education is to meet basic needs of class rooms, increase school attendance, motivation and to improve academic performance of students. It is assumed that favorable attitude towards school infrastructure facilitates the better image.

The existing classrooms in Govt. Inter College Patagali, Bhilangna Block, Tehri Garhwal, Uttarakhand were not sufficient for the present strength of students in the school, hence the work “Construction of Two Add. Class Room in Govt. Inter College, Patagali, Block Bhilangana” was carried out on request of the Block Pramookh. The work has been carried out through BDO Bhilangna.

Benefits from the Project:-

After construction of additional rooms in the school, village students are getting benefit and they are having proper place to sit for study. In each academic year approx. 70 students are getting benefit. The school attendance shall now increase and there shall be academic improvement in performance of the students. The community is now feeling satisfied and is happy to have school with sufficient rooms.
