Project at a Glance:-

Water is a fundamental part of our lives. Human survival is dependent on water and water has been ranked by experts as second only to oxygen as essential for life.

SEWA-THDC is imparting its role in CSR by providing drinking water to the community through construction of infrastructure, laying of pipe line and installation of water Hand Pump in Tehri Dam project affected areas and villages of district Tehri.

Representatives of local people demanded to install water Hand Pump in the area to solve drinking water problem. Uttarakhand Jal Sansthan has suggested some location for installation of water Hand Pump.

Installation of 05 Nos. water Hand Pump has been carried out in Block Thauldhar through M/s Vishwakarma Engineering works, Rewari road, Narnaul (Haryana).

Benefit from the Project:-

To solve the drinking water facility 05 Nos. water Hand Pump in Thauldhar block are installed through agency.

Work has been carried out successfully and in future R&M to be done by Uttarakhand Jal Sansthan, New Tehri.

Local villagers and passer-by are getting benefit from this project.
