***Project at a Glance:-***

A huge area was submerged in the reservoir of Tehri Dam, many villages and approach roads have also been submerged and affected.

A large scale of displacement (5291 Urban families, 5429 family affected rural families and 3810 partially affected families) has been carried out with a human face.

The villagers/Project affected people are facing problems of pathway due to submergence of land in Tehri Dam. A request from village Naicholi was received to construct pathway from pipalti to Naicholi village.

The work was carried out through Sh. Vikram Singh Pundir, Contractor.

***Benefit of the Project:-***

After construction of pathway villagers of village Naicholi and nearby area are getting facilities. Now the people are feeling comfort and are happy.
